

# Vintage Moonlight Fossilized® Wide Click Bamboo Flooring

A truly beautiful and unique floor. This unique floor is a warm, medium grey -- ultra-modern and yet equally neutral with the undeniable intrigue of smoky grey hardwood flooring. Fossilized® Strand Wide Plank bamboo flooring is designed to install over any subfloor: concrete, cement, wood, tile, linoleum, radiant heat and more. Fossilized® Strand bamboo flooring is specifically designed for high traffic areas, or anywhere a beautiful, indestructible floor is desired.

## Announcing the Worlds Hardest Floor s...
